Mr. Dee Hansen
83 North 100 West
Cedar City, Utah

Dear Dee:

RE: CEDAR CITY VALLEY DISTRIBUTION

Attached is a letter from Hersey-Sparling Meter Company giving the numbers of twelve meters supplied to the area that register in gallons. In response to my earlier letter the Company is going to make the conversion to acre-foot registers without cost to the purchasers.

Please contact Henry Wood and J. Henry Grimshaw to confirm the meter numbers and to determine where the meters have been installed. We are suggesting that the Company representative (probably Ed. Hendey) let you know when he expects to be in the area. He will likely need some assistance in locating the wells and well owners.

Yours very truly,

Wayne D. Criddle
STATE ENGINEER
